Presenter and Chair Guidelines

Presenting and chairing at AGU24 is incredibly rewarding. It also requires plenty of preparation and planning. This set of guidelines contains all the information you need to prepare for a successful oral, poster, or eLightning session. Refer to the navigation above to find your relevant session type.

Presenter Resources

Training Sessions and Videos

AGU will offer training sessions and short training videos to help presenters and chairs prepare for a successful session.

iPoster Demonstration

Friday, 8 November, 11:00 AM - 12:00 PM EST
View the training recording.
(https://agu.zoom.us/rec/share/r8UOb1hTgcW8yO_ZLZuyFyjvHbWJQlHOpRtR1nDo4CVR

Representatives from the **iPosterSessions** **(https://ipostersessions.com/)** platform will provide a live demonstration of the platform and tools available to create a digital, innovative poster. This training is intended for eLightning and poster presenters.

Present Your Science: Powerful Posters

Friday, November 15, 11:00 AM - 12:00 PM EST
Access the training recording in the User Portal.
(https://agu.confex.com/agu/agu24/gateway.cgi)

Join go-to communications expert **Melissa Marshall (https://www.presentyourscience.com/)** for this live training event in advance of the meeting for poster presenters. This presentation will be recorded.

Participants will learn the following:

1. How to improve poster layout for clarity and engagement
2. Strategies and resources for creating more visual posters
3. How to deliver a 60 second summary of the poster

Training Videos for Oral Presenters and Session Chairs

AGU is excited to offer short training videos for oral presenters and chairs from **Melissa Marshall (https://www.presentyourscience.com/)**. For more than a decade, Melissa has traveled the world to work with Fortune 100 corporations, global institutions, and the nation's best research universities. Today, she's the go-to expert that elite organizations consult when they need to boost their skills in communicating their world-changing research.

- In short videos highlighting presentation tips for AGU24 oral presenters, Melissa Marshall will offer guidance on focusing and filtering technical detail, designing more visual slides, and delivering a polished live presentation.
- In short videos highlighting facilitation tips for AGU24 session chairs, Melissa Marshall will provide guidance on introducing a session and setting expectations; creating connection between topics and telling a story across a session; and keeping a session running smoothly and on topic, including strategies for dealing with difficult questioners.

Access Training Videos via the User Portal (https://agu.confex.com/agu/agu24/gateway.cgi)

Speaker and Chair Marketing Tips and Tools

AGU wants to provide presenters and chairs with the tools they need to promote their participation in AGU24. To assist you with increasing awareness of your engagement, boosting attendance at your session and broadening the outreach for the conference, we are providing you with some recommendations to assist with these efforts.

Social Media

Promote your session on social media platforms like X, Facebook, and Instagram. Take advantage of the AGU24 social media templates developed by the AGU design team.

Open Social Media Templates (https://agu.confex.com/agu/f/agu24socialmediatoolkit)

Post on a Professional Networking Site

Post an **AGU24 graphic (https://agu.confex.com/agu/f/agu24socialmediatoolkit)** on your professional networking site, like LinkedIn. To add an image to your network post, click on the image to download, then right-click to save it to your computer. Be sure to hyperlink the graphic to **https://www.agu.org/annual-meeting (https://www.agu.org/annual-meeting)**.

Email Signature

Add a brief message beneath your standard email signature announcing your participation and engagement in AGU24. A sample presenter message might be: Join me at AGU24 while I present on [insert topic]!

Extend a Personal Invitation

Encourage your colleagues and contacts to hear your presentation and attend AGU24 by sending a personal note of encouragement.

Sharing Science

AGU's Sharing Science program is a great resource to help you communicate about your science with diverse audiences.

Learn More About Sharing Science (/share-and-advocate/share)

AGU24 Technology Guide

Please note the following changes for 2024:

- Oral sessions will not use Zoom. Online presenters must pre-record their presentations and participate in Q&A via asynchronous chat.

- Online poster presentations do not have dedicated session times and will not take place in Zoom or Vimeo. Online poster presenters are asked to schedule their own presentation time within the iPosterSessions platform.

Online Meeting Platform and Mobile App

- This platform will be used by registered attendees to view the meeting schedule, build a custom schedule, view interactive posters, and navigate the onsite meeting.
- Only select sessions will be live streamed. Sessions will be uploaded here for on-demand viewing within 72 hours after the session ends. Meeting content will be available through February 2025.
- Registered attendees will be able to access the meeting app in late November.

Oral Presenter Upload Site

- Oral presenters will use the oral presenter upload site to upload pre-recorded presentations (from **online oral presenters (https://www.agu.org/annual-meeting/present#oral-sessions#oral-online)**) or slide presentations (from **in-person oral presenters (https://www.agu.org/annual-meeting/present#oral-sessions#oral-inperson)**).
- The deadline for in-person presenters to upload slides is 6 December at 17:00 EST (UTC -5). If you miss the deadline, you must visit the onsite Speaker Ready Room at least 24 hours or as soon as possible before your session to upload your slides. Please note, lines may be extremely long on Monday morning before the first 8:30AM oral session please allow ample time to register and visit the speaker ready room if needed.
- The deadline for online presenters to upload pre-recorded presentations is 2 December at 17:00 EST (UTC -5). There can be no exceptions to this deadline.

Access the Presenter Upload Site (https://agu.projectionnet.com/agu2024/Login.aspx)

iPosterSessions Platform

- eLightning and online poster presenters will use this platform to create their digital iPoster. In-person presenters also have the option to create an iPoster in

addition to their paper poster. All iPosters will be available for view in the online poster gallery during the meeting and through February 2025.

- eLightning and poster presenters received instructions on 22 October on how to access the iPoster editor to create and publish their presentation.
- For maximum visibility, eLightning and poster presenters are asked to publish their iPoster by 2 December when the online poster gallery will become available.

Access the iPosterSessions Editing Platform (https://agu24.ipostersessions.com/Default.aspx?s=login)

Speaker Ready Room

If you have not uploaded your slides online, in-person oral session presenters may check in at one of the onsite Speaker Ready Rooms at least 24 hours before their presentation, even if they have uploaded their presentation slides. If you cannot check in at the Speaker Ready Room 24 hours before your session, please go to the Speaker Ready Room as early as possible before the start of your session.

What to Do in the Speaker Ready Room

When reviewing your slides in the Speaker Ready Room, make sure all fonts appear as expected and all audio/video clips are working properly. You may edit your presentation slides at this time if needed. When you have finished reviewing your slides, the audiovisual staff will queue them for use in the oral session room.

We recommend that you bring at least two additional digital copies of your presentation slides to the meeting in case there is an issue with your uploaded file. Presentation media will be returned to the speaker.

You must provide identification to access and submit your presentation in the Speaker Ready Room. USB ports and CD/DVD drives on the computers are disabled so no presentations can be copied; external storage devices will not function on the meeting room computers. Cameras and video equipment are not permitted in the Speaker Ready Room. If you have any questions regarding the specifications for presentations, please **email our A/V partner, Projection (mailto:mailto:agu@projection.com)**.

NOTE: Do not edit your slides less than four hours prior to your session. The A/V staff cannot guarantee that your updated slides will be in the session room at the time of your presentation.

Hours and Locations

Sunday: 12:00 - 18:00 (Convention Center only)
Monday: 06:00 - 18:00
Tuesday to Thursday: 07:00 - 18:00
Friday: 07:00 - 15:00

The Speaker Ready Rooms are located in Convener Center, Level 2, Hall D and Marriott Marquis, Monument Room.

Poster Requirements and Best Practices

Dimensions

- Maximum size: 2.4 meters W x 1.2 meters H (8 feet W x 4 feet H), with a maximum usable space of 44 7/8" x 91 1/16".
- Posters are best positioned horizontally to match the layout of the display board.
- Place images, text, logos, etc. at least 2.54 centimeters (1-inch) from the edge.

Font Recommendations

- Paragraph/captions — 24 points (0.9 centimeters high) Minimum
- Headers — 36 points (1.2 centimeters high) Minimum
- Use different colors and textures/symbols for each line or bar.
- Use a sans serif font (e.g., Arial, Calibri, Tahoma, Lucida Sans Unicode, and Verdana) for main text, headers and tables.

Important Details

- Do not laminate your poster so that it can be recycled if you do not plan to keep it
- Put your abstract title, final paper number, and session date and time at the top of the poster.

- Make authors' names and contact information clearly visible.
- Make sure diagrams or charts can be read from 2 meters away.

Best Practices

- Organize the poster so it is clear, orderly and self-explanatory.
- Group similar ideas together.
- Label elements as I, II, III; or 1, 2, 3; or A, B, C.
- Avoid clutter (e.g. too much text).
- Include key details such as background, results, and conclusion.

Requesting Equipment for Poster Presentations

Poster presenters may request PC laptops, LED monitors, tables, and internet/electricity for their board in the poster hall by contacting the vendors listed below. All requests must be made by Wednesday, 4 December.

Please note:

- Wireless internet access will be available in the poster hall.
- Equipment is limited, and AGU cannot guarantee that requested items will be available.
- Equipment cannot be requested on site.

PC Laptop:

- Features: Processor i7,16GB RAM,15" Screen, Windows 10, Office 2019, Adobe Reader, WiFi, External Mouse
- No software is included.
- If ordering a laptop, you must also request a table (see below).

Contact: Holly Alderton at Projection **(mailto:exhibits@projection.com)**

LED Monitor:

- If ordering a monitor, you must also request a table (see below). *Standard laptops include Processor i7,16GB RAM,15" Screen, Windows 10, Office 2019, Adobe Reader, WiFi, External Mouse
- Please note that AGU does NOT provide any software.

Contact: Holly Alderton at Projection **(mailto:exhibits@projection.com)**

Tables/Chairs:

- Tables are required with an LED monitor or laptop order or can be requested regardless of A/V needs.
- Tables are required if a laptop and/or monitor is being used in the poster hall.

Contact: Terra Green at Fern **(mailto:tgreen@fernexpo.com)**

Internet/Electrical:

- Electrical: Please contact Hi-Tech Electric **(mailto:dcexhibitorservices@hi-techelectric.com)** if you need additional electrical needs.
- WiFi: Complimentary wireless internet access will be available in the poster hall. The bandwidth for complimentary WiFi is limited. If your presentation requires access to the internet, we recommend that you purchase upgraded WiFi. Your laptop must be equipped with a WiFi or wireless network card for PCs or an Airport card for Macs.
- Please contact Tyshon Reid at Smart City Internet **(mailto:treid@smartcity.com)** if you need additional internet capabilities.

Pursuant to the Americans with Disabilities Act, any attendee that requires special accommodations at the convention center and/or hotel (Hearing, Mobility, Visual) should add their preferences in their conference registration portal.

ESS Open Archive

Increase your poster or presentation's visibility and reach after AGU24: give it a DOI, and make it citable and trackable via the **ESS Open Archive (https://essopenarchive.org/)**. AGU is a sponsor of the Earth Space Science (ESS) Open Archive, a community preprint and presentation archival server established to accelerate the open discovery and dissemination of Earth and space science early research outputs. New this year, AGU will offer a transfer option via the Speaker Center of your abstract data to ESS Open Archive. Details coming soon. Alternatively, authors can manually transfer their abstract data by following the instructions on our Submission Guide:

ESS Open Archive Submission Guide (https://essopenarchive.org/users/3/articles/586001-submission-guide)

Citing Your AGU24 Abstract

Authors can cite their AGU24 abstract in the following format:

Author(s) (2024), Title, Abstract (Final paper number, ex: AE14B-1234) presented at AGU24, 9-13 Dec 2024.

*Please note that AGU does not automatically publish your abstract in Google Scholar or any archive or assign a DOI. This may be done through **ESS Open Archive (https://essopenarchive.org/)** and they will assist in indexing. If you have any questions regarding the publishing of your abstract in Google Scholar, please see this **article (https://blog.orvium.io/google-scholar-appear-article/)** on why abstracts may not appear in **Google Scholar (https://scholar.google.com/)** and how to manually add them. We recommend that you create a personal profile in Google Scholar and manually add your abstract if you wish for it to be indexed there.

No Photos

If you would like to prevent attendees from taking photographs of your work, please add the following icon to your poster or presentation.
